Response To Restriction Requirement

REMARKS

This communication is in response to the Office Action of August 02, 2006 wherein two inventions were identified and election of a single invention was required. In response, Applicant provisionally elects invention I, corresponding to a catheter assembly. Claims 1-15 are readable upon the elected invention.

Applicants note however that in addition to those inventions identified in the Office Action as corresponding to specific figures depicted in the Application, additional inventions may exist which are described in the specification and claims and which are not subject to the restriction requirement identified by the Office Action.

Conclusion

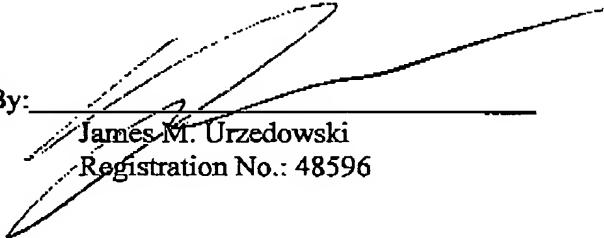

In view of the foregoing it is believed that the present application, with claims 1-15 is in condition for allowance. Early action to that effect is earnestly solicited.

Respectfully submitted,

VIDAS, ARRETT & STEINKRAUS
